

SeeClickFix.com is an online web application that allows citizens to report non-emergency issues such as graffiti, potholes or street light outages on a map. SeeClickFix.com allows citizens to create a geographical keyword based watch area for themselves or others that will alert them by email of issues reported on the map within their area matching their keywords. To find out more about how it works, go to SEECLICKFIX.com

[Go Mobile or Web based and start reporting issues today!](#)
