

Give the Gift of Art! Be a Sponsor!

You can sponsor a street painting square to advertise your business or to celebrate a family member or friend. Street painting "squares" range from 4 X 6 feet to 10 X 10 feet. When you sponsor a square, you may choose your own "street painter" or painters, or let us provide one for you. The Festival will provide chalk in an assortment of colors.

We Publicize Your Support

In recognition of your support and participation your name will be inscribed above a street painting viewed by all festival visitors. Your name will also appear in the Festival program. Other benefits are also available, commensurate with your level of sponsorship.

Your Sponsorship Helps

The Street Painting Festival is a non-profit event and provides a unique arts experience for the community. Sponsorship dollars help make possible the Street Painting Festival Scholarships as well as community projects associated with the revitalization of the City of Canton.

****Please note: As this is our first year, all benefits of sponsorship will be dependent upon funding. As the festival grows, the amenities will too!**

Welcome!

Welcome to the First Annual City of Canton Street Painting Festival! Watch as Artists use the pavement as canvas to transform the downtown Canton area into a temporary outdoor museum of original art and masterpiece reproductions. Watch the streets come alive as the artists transform the pavement into works of art.

Street Painting!

The great tradition of street painting began in Italy in the 16th century. A crowd would gather whenever an itinerant artist used his chalks to turn the ordinary pavement into a fine work of art. Although the "painting" would only last until the next rain, the tradition of street painting has endured over 400 years.

The Festival!

The downtown streets will be brimming with street paintings, sponsored by businesses, organizations, and individuals. Artists will fill the pavement with their works of art. The festival will also include strolling minstrels, jazz, classical music, dance, theatre, improvisation, and an array of street side cafes.

Young Artist Studio!

The Young Artist Studio features the street paintings of Cherokee County elementary, middle, and high school students.
